## coggle made for free at coggle.it

**Basic Front End** 

Responsive Layouts & Grids (grid and flexbox) - these days try to

Navigation, mobile nav

Responsive Images

CSS Animation

Fun ways to display content

use as few media queries as possible!

Content & Components

Javascript Fundamentals

Code Basics

Modular Javascript

XHR (AJAX) with Fetch

Querying, Selecting, working with DOM

Closures, Scope, Context & First-Class Functions

New/First-timer?: Setup webhost and domain

DROP10BUCKS, LETSMAKEADEAL)

Building Apps & Services?: DigitalOcean / AWS

(I absolutely recommend hostgator Use Code DROP25PERC,

Confident with command line and GitHub?: Netlify (JAMStack)
